

# REGISTER YOUR INTEREST IN BECOMING AN ENVIRONMENT VOLUNTEER

If you have any queries phone **1300 36 2170** or email **ERP@liverpool.nsw.gov.au**

Fill out your details and post this completed reply paid form.

## YOUR DETAILS

Name \_\_\_\_\_  
Address \_\_\_\_\_  
Suburb \_\_\_\_\_  
Telephone \_\_\_\_\_  
Email address \_\_\_\_\_

## AVAILABILITY

What days are you interested in volunteering?

☐ Saturday ☐ Sunday

## INTERESTS

What are you interested in?

☐ Nature walks ☐ Planting ☐ Animals  
☐ Removing litter ☐ Weeding ☐ Water testing

## NEW OR EXISTING GROUP

Would you like to join an existing environment volunteer group? ☐ Yes ☐ No

If yes, which one? \_\_\_\_\_

OR

Would you like to start a new environment volunteer group? ☐ Yes ☐ No

If yes, where? \_\_\_\_\_

## STREAMWATCH

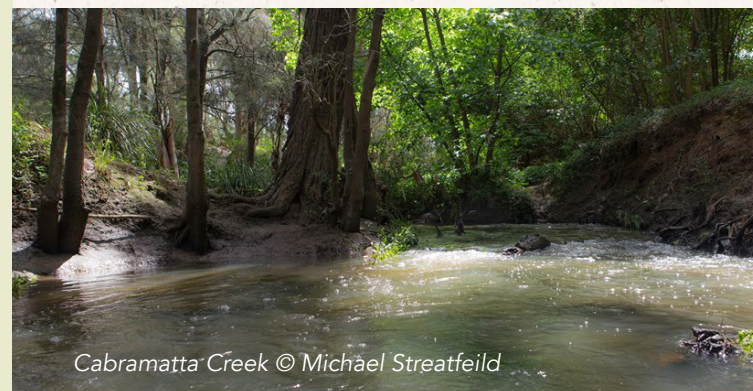

StreamWatch is a long running citizen science water quality monitoring program. The monitoring program has strong quality assurance elements built in to ensure that results are sound, reliable and useful. All groups are required to follow the same methods and use approved equipment to sample and then enter their results into the StreamWatch website.

By engaging in the ecological investigation of local waterways, StreamWatch continues to act as an early warning system for pollution events, while the data provides a valuable record of waterway health.

No experience is necessary – all equipment and training is provided. For more information visit **www.streamwatch.org.au**

**STREAMWATCH @ GEORGES RIVER**  
LAST SATURDAY OF THE MONTH (8AM – 9AM)

Meet in the Light Horse Park car park, Riverpark Drive, Liverpool

# ENVIRONMENT VOLUNTEER PROGRAM

Your Environment Levy working for you.

## GET INVOLVED IN SUSTAINING LIVERPOOL!

Join our enthusiastic volunteers who beautify local parks and bushland areas by removing weeds and litter and planting native plants. Meet like-minded people, learn about the environment and create habitat for local wildlife.

The Environment Restoration Plan (ERP) is a levy funded through your rates which provides a framework for environmental programs and on-ground works to improve the natural environment of Liverpool.

The Environment Volunteer Program (EVP) is a part of the ERP that provides an opportunity for community members to be directly involved in restoring Liverpool's natural environment. The EVP supports volunteers by providing tools, equipment and a trained Bush Regenerator to assist with on-site activities, training and planning.

## CORPORATE AND COMMUNITY GROUPS

Contact the Environment Restoration Plan team on **1300 36 2170** to discuss volunteering opportunities available for corporate, community and religious groups and organisations.

## SUSTAINING LIVERPOOL NEWSLETTER

Learn about local biodiversity, sustainability news and environmental activities happening in your area. The latest edition of the newsletter is available at council's website:

**www.liverpool.nsw.gov.au/environment/sustaining-liverpool-newsletter**

ENVIRONMENT GROUPS

Areas across Liverpool are being progressively restored by enthusiastic volunteers. You don't need to have any special skills or knowledge to be an environment volunteer. All you need is enthusiasm for improving your local area.

There are different ways to be involved depending on the amount of time you are able to commit.

Typical activities are planting of native plant species, weeding and litter removal. Volunteers can also be involved in water quality testing and pollinator surveys.

New members are always welcome. Come join a worthwhile activity in a social and friendly environment. Benefits to you include:

- Increased knowledge of the environment
- Spending time outdoors in nature
- Meeting new and like-minded people
- Development of transferable works skills
- Increased health and physical levels

2ND SATURDAY OF THE MONTH 9AM – 11AM	<b>CLINCHES POND</b> Meet inside the park at the Gloria Taylor Reserve sign on Swain Street, Moorebank
2ND SATURDAY OF THE MONTH 12PM – 2PM	<b>WEAVING GARDEN</b> Meet at the seats inside the reserve at the end of Casula Road, Casula

LAST SUNDAY OF THE MONTH 9AM – 11AM	<b>VOYAGER POINT</b> Meet in the Voyager Park car park on Orlando Crescent, Voyager Point

COMMUNITY PLANTING

Planting trees is one of the best things that you can do in your community. Planting native trees and shrubs leads to better air quality, less noise, more shade and increases the visual amenity of the area.

Come along and help us plant native trees, shrubs and groundcovers to create habitat and food for native animals. It's an opportunity to meet your neighbours, do something positive for your local environment and have fun.

Council supplies all plants and tools required. A qualified Bush Regenerator is always on site to provide support and show you how to plant correctly.

A free BBQ lunch is provided to all participants at the completion of planting. Bring a water bottle and wear closed in shoes, a long sleeved shirt and a hat.

Community Tree Planting events occur every month from March to October. For details, call Council on **1300 36 2170**.
