A copy of the Environment Advisory Committee (EAC) Charter is available on Council's Website.

Liverpool City Council Environment Advisory Committee (EAC)

Liverpool City Council is seeking expressions of interest (EOI) from members of the public with an interest in the natural environment, waste recovery, flood plain and stormwater management of the Liverpool LGA to be appointed by Council to the Liverpool Environment Advisory Committee. Committee members serve in a voluntary capacity.

This committee has been established primarily to consider and provide input to Council's environment programs by making recommendations to Council. The functions of the Environment Advisory Committee are to:

- a) Consider key environmental issues facing Liverpool and make recommendations to Council;
- b) Consider key floodplain and stormwater management issues facing Liverpool and make recommendations to Council;
- c) Consider sustainability and waste management issues facing Liverpool and make recommendations to Council;
- d) Provide input to the development and implementation of Council's community education and engagement programs relevant to environment, sustainability, waste and water management.
- e) Provide input into the planning and implementation of the Environment Restoration Plan program, and other such Council programs relevant to environment, sustainability, waste and water management; and
- f) Work in partnership with Council in terms of various environmental and floodplain management initiatives, providing opportunities for meaningful community participation.

Membership Assessment Criteria

Your application for membership as a community member to the Environment Advisory Committee will be assessed against the following criteria.

- a) Demonstrated interest in conserving, maintaining and protecting the natural environment;
- b) Demonstrated experience/knowledge in environmental, floodplain and waste management issues;
- c) Ability to achieve objectives in a team environment;
- d) Willingness to participate in community capacity building to achieve broad environmental, floodplain and waste management outcomes; and
- e) Commitment to represent the interest of the community in environment, waste, water quality and floodplain management issues.

Membership Term

As outlined in the Environment Advisory Committee Charter, and in accordance with Council's Resolution of 24 September 2014, the term of membership is typically two years.

Successful applicants will be invited to sit on the current Environment Advisory Committee membership term from 2024 to 2025.

Proposed 2024 meeting dates:

- Monday, 15 April
- Tuesday, 15 June
- Monday, 9 August
- Monday, 14 October
- Monday, 9 December
