

## Application for Upgrade and Additional Bin(s) (Garbage/Recycling/Green Waste): 2018-2019

Council is committed to sustainable waste management which promotes avoiding the generation of waste where possible and maximising recovery of recyclable material. Prior to making this application, have you considered the following:

- Are you recycling as much as possible? Do you need an additional recycling or green waste bin instead of a garbage bin?
- Have you considered alternates to waste disposal like composting or worm farming which Council will offer a rebate on?

Considering these options can not only contribute to being more sustainable but can save you money. For further information, please visit our website [www.liverpool.nsw.gov.au](http://www.liverpool.nsw.gov.au) or contact Council's Customer Service Call Centre on 1300 36 2170.
