PRIVACY POLICY

1. LEGISLATIVE REQUIREMENTS

Government information (Public Access) Act 2009
Health Records and Information Privacy Act 2002
Local Government Act 1993
Privacy and Personal Information Protection Act 1998
State Records Act 1993

2. PURPOSE/ OBJECTIVES

2.1 The *Privacy and Personal Information Protection Act 1998* (the "PPIPA") requires all councils to prepare a privacy management plan outlining their policies and practices to ensure compliance with the requirements of that Act and the *Health Records and Information Privacy Act 2002* (the HRIPA).

2.2 In particular, the objects of this policy are to inform:

- a) The community about how their personal information will be used, stored and accessed after it is collected by Council; and
- b) Members of Council staff of their obligations in relation to handling personal information and when they can and cannot disclose, use or collect it.

2.3 Section 33 of the PPIPA requires all councils to prepare a privacy management plan to deal with:

- a) The devising of policies and practices to ensure compliance by Council with the requirements of the PPIPA and the *Health Records and Information Privacy Act 2002* ("HRIPA");
- b) The dissemination of those policies and practices to persons within Council;
- c) The procedures that the Council proposes for internal review of privacy complaints;
- d) Such other matters as are considered relevant by Council in relation to privacy and the protection of personal information held by it.

2.4 This Privacy Policy has been prepared for the purpose of section 33 of the PPIPA.

2.5 PPIPA provides for the protection of personal information by means of 12 Information Protection Principles.

Those principles are listed below:

- a) Principle 1 - Collection of personal information for lawful purposes;
- b) Principle 2 - Collection of personal information directly from individuals;
- c) Principle 3 - Requirements when collecting personal information;
- d) Principle 4 - Other requirements relating to collection of personal information;
- e) Principle 5 - Retention and security of personal information;
- f) Principle 6 - Information about personal information held by agencies;
- g) Principle 7 - Access to personal information held by agencies;
- h) Principle 8 - Alteration of personal information;
- i) Principle 9 - Agency must check accuracy of personal information before use;
- j) Principle 10 - Limits on use of personal information;
- k) Principle 11 - Limits on disclosure of personal information;

PRIVACY POLICY

l) Principle 12 - Special restrictions on disclosure of personal information.

2.6 Those principles are modified by the Privacy Code of Practice for Local Government (“the Code”) made by the Attorney General. The Privacy Code has been developed to enable Local Government to fulfil its statutory duties and functions under the *Local Government Act 1993* (the “the Act”) in a manner that seeks to comply with the PPIPA.

2.7 This policy sets out how Council will incorporate the 12 Information Protection Principles into its everyday functions.

2.8 This policy should be read in conjunction with the Code of Practice for Local Government.

2.9 Nothing in this policy is to:

- a) Affect any matter of interpretation of the Codes or the Information Protection Principles and the HPPs as they apply to Council;
- b) Affect any obligation at law cast upon Council by way of representation or holding out in any manner whatsoever;
- c) Create, extend or lessen any obligation at law which Council may have.

2.10 This policy is designed to introduce policies and procedures to maximise compliance with the PPIPA and the HRIPA.

2.11 Where Council has the benefit of an exemption, it will nevertheless describe procedures for compliance in this policy. By doing so, it is not to be bound in a manner other than that prescribed by the Codes.

2.12 Council collects stores and uses a broad range of information. A significant part of that information is personal information. This policy applies to that part of Council’s information that is personal information.

2.13 It may mean in practice that any information that is not personal information will receive treatment of a higher standard; namely, treatment accorded to personal information where the information cannot be meaningfully or practicably separated.

2.14 What is “personal information”

2.14.1 “Personal information” is defined in section 4 of the PPIPA as follows:

2.14.2 “Personal information” is defined to mean information or an opinion about an individual whose identity is apparent or can reasonably be ascertained from the information or opinion. This information can be on a database and does not necessarily have to be recorded in a material form.

2.15 What is not “personal information”

2.15.1 “Personal information” does not include “information about an individual that is contained in a publicly available publication”. Personal information, once it is contained in a publicly available publication, ceases to be covered by the PPIPA.

2.15.2 Section 4A of the PPIPA also specifically excludes “health information”, as defined

PRIVACY POLICY

by section 6 of the HRIPA, from the definition of “personal information”, but includes health information” in the PPIPA’s consideration of public registers (discussed below). “Health information” is considered in Part 4 of this Policy.

2.15.3 Where Council is requested to provide access or make a disclosure and that information has already been published, then Council will rely on the provisions of the relevant Act that authorises Council to hold that information and not the PPIPA (for example, section 8 of the *Government Information (Public Access) Act 2009* (GIPA Act)).

2.15.4 Council considers the following to be publicly available publications:

- a) An advertisement containing personal information in a local, city or national newspaper;
- b) Personal information on the Internet;
- c) Books or magazines that are printed and distributed broadly to the general public;
- d) Council business papers or that part that is available to the general public;
- e) Personal information that may be a part of a public display on view to the general public.

2.15.5 Information published in this way ceases to be covered by the PPIPA. Council’s decision to publish in this way must be in accordance with PPIPA.

2.16 Policy on Electoral Rolls

2.16.1 The Electoral Roll is a publicly available publication. Council will provide open access to the Electoral Roll in Council’s library. Council will refer any requests for copies of the Electoral Roll to the State Electoral Commissioner.

2.17 Application of this Policy

2.17.1 The PPIPA, the HRIPA and this policy apply, wherever practicable, to:

- a) Councillors;
- b) Members of Council/ Staff;
- c) Consultants and contractors of Council;
- d) Council owned businesses; and
- e) Council committees (including community members of those committees which may be established under section 355 of the Act).

2.17.2 Council will ensure that all such parties are made aware that they must comply with the PPIPA, the HRIPA, any other applicable Privacy Code of Practice and this policy.

2.18 Personal Information held by Council

2.18.1 Council holds personal information concerning Councillors, such as:

- a) Personal contact information;
- b) Complaints and disciplinary matters;
- c) Pecuniary interest returns; and
- d) Entitlements to fees, expenses and facilities.

2.18.2 Council holds personal information concerning its customers, ratepayers and

PRIVACY POLICY

residents, such as:

- a) Rates records; and
- b) DA applications and objections;
- c) Various types of health information (see page 37 for detailed examples);
- d) Recorded customer telephone calls and CCTV footage (for a period of 30 days).

2.18.3 Council holds personal information concerning its employees, such as:

- a) Recruitment material;
- b) Leave and payroll data;
- c) Personal contact information;
- d) Performance management plans;
- e) Disciplinary matters;
- f) Pecuniary interest returns;
- g) Wage and salary entitlements; Health information (such as medical certificates and workers compensation claims); and
- h) Recorded customer telephone calls and CCTV footage (for a period of 30 days).

2.19 Applications for suppression in relation to general information (not public registers)

2.19.1 Under section 739 of the *Local Government Act 1993* (“the Act”) a person can make an application to suppress certain material that is available for public inspection in circumstances where the material discloses or would disclose the person’s place of living if the person considers that the disclosure would place the personal safety of the person or their family at risk.

2.19.2 Section 739 of the Act relates to publicly available material other than public registers. As such, it limits disclosure in those circumstances where an application for suppression is successful. An application for suppression must be verified by statutory declaration and otherwise meet the requirements of section 739. When in doubt, Council will err in favour of suppression.

2.19.3 For more information regarding disclosure of information (other than public registers) see the discussion of IPPs 11 and 12 in Part 3 of this policy. For information regarding suppression of information on *public registers*, see Part 2 of this policy.

2.20 Caution as to unsolicited information

2.20.1 Where an individual, a group or committee, not established by Council, gives Council unsolicited personal or health information, then that information should be still treated in accordance with this Policy, the Codes, the HRIPA and the PPIPA for the purposes of IPPs 5-12 and HPPs 5-15 which relate to storage, access, use and disclosure of information.

2.20.2 For the purposes of section 10 of the HRIPA, Council is not considered to have “collected” health information if the receipt of the information by Council is unsolicited.

2.20.3 Section 4(5) of the PPIPA also provides that personal information is not “collected” by Council if it is unsolicited.

PRIVACY POLICY

3. PUBLIC REGISTERS

3.1 Public Registers and Council

- 3.1.1 A public register is defined in section 3 of the PPIPA:
“Public register means a register of personal information that is required by law to be, or is made, publicly available or open to public inspection (whether or not on payment of a fee).”
- 3.1.2 A distinction needs to be drawn between “public registers” within the meaning of Part 6 of the PPIPA and “non public registers”. A “non public register” is a register but it is not a “public register” for the purposes of the PPIPA. For example, the register might not be publicly available or it may not contain personal information.
- 3.1.3 Disclosure in relation to public registers must comply with Part 6 of the PPIPA and the Privacy Code. Personal information cannot be accessed by a person about another person unless the personal information is contained in a public register. Where personal information is contained in a public register, then Part 6 of the PPIPA applies to determine whether access to that information will be given to another person.
- 3.1.4 Disclosure in relation to all other personal information must comply with the Information Protection Principles as outlined in Part 2 of this policy and the Privacy Code of Practice for Local Government, where it includes personal information that is not published.
- 3.1.5 Council holds the following public registers under the Act: ***
- a) Section 53 - Land Register;
 - b) Section 113 - Records of Approvals;
 - c) Section 449 - 450A - Register of Pecuniary Interests;
 - d) Section 602 - Rates Record.
- *** Note: This is purely indicative. Council may, by virtue of its own practice, hold other Public Registers, to which the PPIPA applies.*
- 3.1.6 Council holds the following public registers under the *Environmental Planning and Assessment Act 1979*:
- a) Section 4.58 – Register of consents and certificates.
- 3.1.7 Council holds the following public registers under the *Protection of the Environment (Operations) Act 1997*:
- a) Section 308 – Public register of licences held.
- 3.1.8 Council holds the following public registers under the *Impounding Act 1993*:
- a) Sections 30 and 31 – Record of impounding.
- 3.1.9 Members of the public may enquire only in accordance with the primary purpose of any of these registers. The primary purpose for each of these public registers is set out in the clauses that follow.

PRIVACY POLICY

3.2 Public registers, the PPIPA and the HRIPA

- 3.2.1 A public register generally confers specific rights or privileges, a benefit, or status, which would not otherwise exist. It may be required by law to be made publicly available or open to public inspection, or it is simply made publicly available or open to public inspection (whether or not payment is required).
- 3.2.2 Despite the exclusion of “health information” from the definition of “personal information” under section 4A of the PPIPA, section 56A of the PPIPA *includes* as “personal information”, “health information” on public registers.
- 3.2.3 Section 57 of the PPIPA requires very stringent controls over the disclosure of personal information contained in a public register. It provides broadly that where Council is responsible for keeping a public register, it will not disclose any personal information kept in that register unless it is satisfied that the information is to be used for a purpose relating to the purpose of the register or the Act under which the register is kept.
- 3.2.4 Section 57(2) provides that in order to ensure compliance with section 57(1), a Council may require any person who applies to inspect personal information contained in the public register to give particulars in the form of a statutory declaration as to the proposed use of that information. (Form at Appendix 1 may be used a guide).
- 3.2.5 Council also needs to consider the Privacy Code of Practice for Local Government which has the effect of modifying the application of Part 6 of the PPIPA (the “public register” provisions).
- 3.2.6 If the stated purpose of the applicant does not conform with the purpose for which the public register is kept, access to the information sought will not be given.
- 3.2.7 Where personal information is contained in a publicly available publication, that information will not be regarded as personal information covered by the PPIPA or as health information for the purposes of part 6 of the PPIPA.

3.3 Effect on section 6 of the GIPA Act

- 3.3.1 Section 57 of the PPIPA prevails over clause 1(3) of Schedule 1 of the *Government Information (Public Access) Regulation 2009 (GIPA Regulation)* to the extent of any inconsistency. Therefore:
- a) If a register is listed in Schedule 1 of the *GIPA Regulation*, access must not be given except in accordance with section 57(1) of the PPIPA.
 - b) If a register is not listed in Schedule 1 of the *GIPA Regulation*, access must not be given except:
 - c) If it is allowed under section 57(1) of the PPIPA; and
 - d) There is no overriding public interest against disclosure of the information under section 6 of the *GIPA Act*.

Note: Both 1 and 2 are amended with regard to specific public registers in the Privacy Code of Practice for Local Government.

PRIVACY POLICY

3.4 Where some information in the public register has been published

3.4.1 That part of a public register that is not published in a publicly available publication will be treated as a “public register” and the following procedure for disclosure will apply. For example, the Register of Consents and Certificates held by Council under section 100 of the *Environmental Planning and Assessment Act 1979* requires Council to advertise or publish applications for development consent.

3.4.2 When Council publishes the address of the property, it may identify the owner. The personal information that has not been published and any applications not advertised or that have been rejected or withdrawn (and hence also not published) will be treated as a public register under PPIPA.

3.4.3 Council may hold a register under the *Contaminated Land Management Act 1997* on behalf of the Environment Protection Authority. This is not to be considered a public register of Council as the statute does not place any obligations on Council to make this register publicly available as a register of contaminated land. Furthermore, the legislation foreshadows that the Environment Protection Authority may indeed post this list or register on the internet. This may constitute a publication of the information and therefore the PPIPA will not apply.

3.4.4 Registers should not be published on the Council internet.

3.5 Disclosure of personal information contained in the public registers

3.5.1 A person seeking a disclosure concerning someone else’s personal information from a public register must satisfy Council that the intended use of the information is for a purpose relating to the purpose of the register or the Act under which the register is kept.

3.5.2 In the following section, by way of guidance only, what might be called the “primary” purpose (or “the purpose of the register”) has been specified for each identified register. In some cases a “secondary purpose” has also been specified, by way of guidance as to what might constitute “a purpose relating to the purpose of the register”.

3.6 Purposes of public registers

3.6.1 Purposes of public registers under the *Local Government Act 1993*:

- a) Section 53 - Land Register: The primary purpose is to identify all land vested in Council, or under its control. The secondary purpose includes a consideration of public accountability as to the land held by Council. Third party access is therefore a secondary purpose.
- b) Section 113 - Records of Approvals: The primary purpose is to identify all approvals granted under the Act.
- c) Section 450A - Register of Pecuniary Interests: The primary purpose of this register is to determine whether or not a Councillor or a member of a council committee has a pecuniary interest in any matter with which Council is likely to be concerned. There is a corresponding public accountability purpose and third party access is a secondary purpose.
- d) Section 602 - Rates Record: The primary purpose is to record the value of a parcel of land and record rate liability in respect of that land. The secondary

PRIVACY POLICY

purpose includes recording the owner or lessee of each parcel of land. For example, a disclosure on a rating certificate under section 603 of the Act that a previous owner is a pensioner is considered to be allowed, because the secondary purpose is “a purpose relating to the purpose of the register”.

3.6.2 Purposes of public registers under the *Environmental Planning and Assessment Act 1979*:

- a) Section 100 – Register of consents and approvals: The primary purpose is to identify applications for development consent and other approvals, confirm determinations on appeal and identify applications for complying development certificates.
- b) Section 149G – Record of building certificates: The primary purpose is to identify all building certificates.

3.6.3 Purpose of public registers under the *Protection of the Environment Operations Act 1997*:

- a) Section 308 – Public register of licences held: The primary purpose is to identify all licences granted under the Act;

3.6.4 Purpose of the public register under the *Impounding Act 1993*:

- a) Section 30 and 31 – Record of impounding: The primary purpose is to identify any impounding action by Council.

3.6.5 Secondary purpose of all Public Registers

Due to the general emphasis (to be found in the Act and elsewhere) on local government processes and information being open and accountable, it is considered that a secondary purpose for which all public registers are held by Council includes the provision of access to members of the public. Therefore disclosure of specific records from public registers would normally be considered to be allowable under section 57 of the PPIPA.

However, requests for access, copying or the sale of the whole or a substantial part of a Public Register held by Council will not necessarily fit within this purpose. Council should be guided by the Privacy Code of Practice for Local Government in this respect. Where Council staff members have doubt as to the intended use of the information, an applicant may be requested to provide a statutory declaration so that Council may satisfy itself as to the intended use of the information.

Council will make its assessment as to the minimum amount of personal information that is required to be disclosed with regard to any request.

3.6.6 Other Purposes

Persons or organisations who apply to Council to access to information contained in any public register for a purpose not related to the purpose of the register, may be given access at the discretion of Council but only in accordance with the Privacy Code of Practice for Local Government concerning Public Registers.

Occasionally, persons or organisations request from Council adjoining ownership

PRIVACY POLICY

details of a neighbouring property for the purpose of serving a notice upon their neighbour to seek a contribution to fencing costs along a common boundary line under section 11 of the *Dividing Fences Act 2002*. Because the information sought is personal information and it can only be obtained from Council's Rates Register, Council requires that the person requesting this information must complete a statutory declaration to access this information in accordance with section 57(2) of the *Privacy and Personal Information Protection Act 1998* (See Appendix 7).

3.7 Applications for access to own records on a public register

3.7.1 A person wishing to have access to a public register to confirm their own details needs only to prove their identity to Council before having access to their own personal information.

3.8 Applications for suppression in relation to a public register

3.8.1 An application for suppression in relation to a public register will be dealt with under PPIPA, rather than section 739 of the Act.

3.8.2 A person about whom personal information is contained (or proposed to be contained) in a public register, may request Council under section 58 of the PPIPA to have the information removed from, or not placed on the register.

3.8.3 If Council is satisfied that the safety or well-being of any person would be affected by not suppressing the personal information as requested, Council will suppress the information in accordance with the request unless Council is of the opinion that the public interest in maintaining public access to the information outweighs any individual any interest in suppressing the information, in accordance with section 58(2) of the PPIPA. (Note: "Well-being" is defined in the *Macquarie Dictionary* as "the good or satisfactory condition of existence; welfare".) When in doubt, Council will err in favour of suppression.

3.8.4 Any information that is removed from, or not placed on, that aspect of a public register to be made public may be kept on the register for other purposes. That is, the information may still be used for Council functions, but it cannot be disclosed to other parties.

3.8.5 An application for suppression should be made in writing addressed to the Chief Executive Officer (the CEO) and must outline the reasons for the request. Council may require supporting documentation where appropriate.

3.9 Other registers

3.9.1 Council may have other registers that are not public registers. The Information Protection Principles, this Policy, any applicable Codes and the PPIPA apply to those registers or databases.

4. THE INFORMATION PROTECTION PRINCIPLES (IPPs)

4.1 IPP1: Section 8

4.1.1 Section 8: Collection of personal information for lawful purposes

- 1) *A public sector agency must not collect personal information unless:*
 - a) *the information is collected for a lawful purpose that is directly related to a function or activity of the agency, and*
 - b) *the collection of the information is reasonably necessary for that purpose.*
- 2) *A public sector agency must not collect personal information by any unlawful means.*

4.1.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from the requirements of this principle.

4.1.3 Council Policy

Council will only collect personal information for a lawful purpose as part of its proper functions. The Act governs Council's major obligations and functions.

Section 22 of the Act provides other functions under other Acts. Some of those Acts are as follows:

- *Community Land Development Act 1989*
- *Companion Animals Act 1998***
- *Contaminated Land Management Act 1997*
- *Conveyancing Act 1919*
- *Environmental Planning and Assessment Act 1979*
- *Food Act 1989*
- *Impounding Act 1993*
- *Library Act 1939*
- *Local Government Act 1993*
- *Protection of the Environment Operations Act 1997*
- *Public Health Act 2010*
- *Roads Act 1993*
- *State Emergency Service Act 1989*
- *Strata Schemes (Freehold Development) Act 1973*
- *Strata Schemes (Leasehold Development) Act 1986*
- *Swimming Pools Act 1992.*

The circumstances under which Council may collect information, including personal information, including letters, emails, photos, text messages videos and webform. Council will only collect information directly, lawfully and that is reasonably necessary to fulfil its functions.

Anyone engaged by Council as a private contractor or consultant whose activities involve the collection of personal information must agree to be bound not to collect personal information by any unlawful means. This will include debt recovery actions

PRIVACY POLICY

by or undertaken on behalf of Council by commercial agents.

4.1.4 Companion Animals Act 1998

Collection of information under the *Companion Animals Act 1998* and Council's use of the Companion Animals Register should be guided by the Director General's guidelines, which have been developed with the PPIPA in mind.

4.1.5 Role of the Privacy Contact Officer

In order to ensure compliance with IPP1, internet contact forms, rates notices, application forms of whatsoever nature, or written requests by which personal information is collected by Council, will be referred to the Privacy Contact Officer prior to adoption or use. The Privacy Contact Officer will also provide advice as to:

- a) Whether the personal information is collected for a lawful purpose;
- b) If that lawful purpose is directly related to a function of Council; and
- c) Whether or not the collection of that personal information is reasonably necessary for the specified purpose.

4.2 IPP2: Direct Collection

4.2.1 Section 9: Collection of personal information directly from individual

A public sector agency must, in collecting personal information, collect the information directly from the individual to whom the information relates unless:

- a) *The individual has authorised collection of the information from someone else, or*
- b) *In the case of information relating to a person who is under the age of 16 years, the information has been provided by a parent or guardian of the person.*

4.2.2 The Privacy Code of Practice for Local Government

The Code makes provision for Council to depart from this principle where indirect collection of personal information is reasonably necessary when an award, prize, benefit or similar form of personal recognition is intended to be conferred upon the person to whom the information relates.

4.2.3 Council Policy

The compilation or referral of registers and rolls are the major means by which Council collects personal information. For example, the information Council receives from NSW Land Registry Services would fit within section 9(a) above. Other means include forms that customers may complete and lodge with Council for development consent, companion animal registrations, applications for specific inspections or certifications or applications for tree preservation orders.

Council will treat the personal information contained in petitions in accordance with PPIPA.

Where Council or a Councillor requests or requires information from individuals or groups, that information will be treated in accordance with PPIPA.

PRIVACY POLICY

Council regards all information concerning its customers as information protected by PPIPA. Council will collect all personal information directly from its customers, except as provided in section 9 or under other statutory exemptions or Privacy Code of Practice for Local Government. Council may collect personal information from other public sector agencies in respect of specific statutory obligations where it is authorised by law to do so.

Where Council anticipates that it may otherwise need to collect personal information indirectly, it will first obtain the authorisation of each individual under section 9(a) of the PPIPA.

Council has a Privacy Information Statement on its website setting out how it collects, stores, uses and dispose of personal information.

4.2.4 External and related bodies

Each of the following will be required to comply with this policy, any applicable Privacy Code of Practice, and the PPIPA:

- a) Council owned businesses;
- b) Council consultants;
- c) Private contractors;
- d) Council committees.

Council will seek to bind by contract each of these bodies or persons to comply with the PPIPA. Where any of the above collects personal information on behalf of Council, or in relation to the performance of their activities, that body or person will be required to:

- a) Obtain a written authorisation and consent to that collection; and
- b) Notify those persons in accordance with IPP3 as to the intended recipients and other matters required by that principle.

Council owned businesses, committees and private contractors or consultants must abide by this policy, the Code and the PPIPA under the terms of their incorporation by Council or by contract.

4.2.5 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable Direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP2.

4.2.6 Existing statutory exemptions under the Act

Compliance with IPP2 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in very obvious and limited circumstances and legal advice should normally be obtained.

The relevant statutory exemptions follow:

- a) Section 23(2) of the PPIPA permits non-compliance with IPP2 if the information

PRIVACY POLICY

concerned is collected in connection with proceedings (whether or not actually commenced) before any court or tribunal.

- b) Section 24(4) of the PPIPA extends the operation of section 24(1) to councils and permits non-compliance with IPP2 if Council is:
- 1) Investigating or otherwise handling a complaint or other matter that could be referred or made to, or has been referred from or made by, an investigative agency; and
 - 2) If compliance might detrimentally affect (or prevent the exercise of) the Council's complaint handling or investigative functions. Section 25(a) of the PPIPA permits non-compliance with IPP2 where the agency is lawfully authorised or required not to comply with the principle.
 - 3) Section 25(b) of the PPIPA permits non-compliance with IPP2 where non-compliance is "necessarily implied" or "reasonably contemplated" under any Act or law.
- c) Section 26(1) of the PPIPA permits non-compliance with IPP2, if compliance would prejudice the interests of the individual concerned.

4.2.7 Further explanation regarding IPP 2

Where Council cannot collect personal information directly from the person, it will ensure one of the following:

- a) Council has obtained authority from the person under section 9(a) of the PPIPA;
- b) The collection of personal information from a third party is permitted under any Act or law, (for example, the indirect collection from the Land Titles Office.);
- c) The collection of personal information from a parent or guardian is permitted provided the person is less than 16 years of age;
- d) The collection of personal information indirectly where one of the above exemptions applies;
- e) The collection of personal information indirectly is permitted under the Privacy Code of Practice for Local Government or the Investigative Code of Practice;

The only other exception to the above is in the case where Council is given unsolicited information.

4.3 IPP3: Requirements when collecting personal information

4.3.1 Section 10 Requirements when collecting personal information:

If a public sector agency collects personal information from an individual, the agency must take such steps as are reasonable in the circumstances to ensure that, before the information is collected or as soon as practicable after collection, the individual to whom the information relates is made aware of the following:

- a) *the fact that the information is being collected;*
- b) *the purposes for which the information is being collected;*
- c) *the intended recipients of the information;*
- d) *whether the supply of the information by the individual is required by law or is voluntary, and any consequences for the individual if the information (or any part of it) is not provided;*
- e) *the existence of any right of access to, and correction of, the information; and*

PRIVACY POLICY

f) *the name and address of the agency that is collecting the information and the agency that is to hold the information.*

4.3.2 The Privacy Code of Practice for Local Government

The Code makes provision for Council to depart from this principle where personal information is collected about an individual for the purpose of conferring upon that person, an award, prize, benefit or similar form of personal recognition without prior or subsequent notification.

4.3.3 Council Policy

Where Council proposes to collect personal information directly from the person, it will inform that person that the personal information is being collected, what is done with that information and who the intended recipients will be.

Council will inform persons if the information is required by law or is voluntarily given. Council will also inform individuals which department or section within Council holds their personal information, and of the right to access and correct that information. Council will adapt the general section 10 pre-collection Privacy Notification form as appropriate (See Appendix 2).

The following are examples of application procedures that will require a Privacy Notification Form in accordance with section 10:

- a) Lodging development applications;
- b) Lodging objections to development applications;
- c) Lodging applications for approval under the *Local Government Act 1993*;
- d) Any stamps or printed slips that contain the appropriate wording for notification under section 10 (see Appendix 2); and
- e) When collecting an impounded item.

In relation to the privacy notification form that may be attached to a Development Application provided to objectors, us if they so choose. However, should they need to substantiate their objections, anonymous objections may be given less weight (or no weight) in the overall consideration of the application.

4.3.4 Post - collection

Where Council collects personal information indirectly from another public sector agency in respect of any one of its statutory functions, it will advise those individuals that it has collected their personal information by including a privacy notification form in the next issue of their rates notice, or otherwise by letter. A common example of the collection of information from another public sector agency is the Land and Property Information Office. Council receives information as to new ownership changes when property is transferred from one owner to the next. Appendix 3 contains a sample Privacy Notification Form that could be used for post-collection.

4.3.5 External and related bodies

Each of the following must comply with IPP3:

- a) Council owned businesses;

PRIVACY POLICY

- b) Council consultants;
- c) Private contractors;
- d) Council committees.

Council will seek to bind by contract each of these bodies or persons to comply with the IPP3.

Where any of the above collects personal information on behalf of Council or in relation to the performance of their activities, that body or person will be required to notify those persons in accordance with IPP3 as to the intended recipients and other matters required by that principle.

4.3.6 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable Direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP3.

4.3.7 Existing statutory exemptions under the Act

Compliance with IPP3 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

The relevant statutory exemptions follow:

- a) Section 23(3) permits non-compliance with IPP3 where information is collected for law enforcement purposes. Law enforcement means a breach of the criminal law and criminal law enforcement. This section does not remove the rights of an accused person;
- b) Section 24(4) of the PPIPA extends the operation of section 24(1) to councils and permits non-compliance with IPP3 if a council is:
 - 1) Investigating or otherwise handling a complaint or other matter that could be referred or made to, or has been referred from or made by, an investigative agency; and
 - 2) If compliance might detrimentally affect (or prevent the exercise of) the Council's complaint handling or investigative functions;
- c) Section 25(a) of the PPIPA permits non-compliance with IPP3 where the agency is lawfully authorised or required not to comply with the principle;
- d) Section 25(b) of the PPIPA permits non-compliance with IPP3 where non-compliance is "necessarily implied" or "reasonably contemplated" under any Act or law;
- e) Section 26(1) of the PPIPA permits non-compliance with IPP3 if compliance would prejudice the interests of the individual concerned;
- f) Section 26(2) of the PPIPA permits non-compliance where the person expressly consents to such non-compliance.

4.3.8 Disclosure of information of research purposes

The disclosure of personal information for research purposes will be allowed only in

PRIVACY POLICY

accordance with any applicable Direction made by the Privacy Commissioner under section 41 of PPIPA or any Research Code of Practice made by the Attorney General as may be in force for the time being.

4.4 IPP4: Other requirements relating to collection of personal information

4.4.1 Section 11: Other requirements relating to collection of personal information

If a public sector agency collects personal information from an individual, the agency must take such steps as are reasonable in the circumstances (having regard to the purposes for which the information is collected) to ensure that:

- a) the information collected is relevant to that purpose, is not excessive, and is accurate, up to date and complete; and*
- b) the collection of the information does not intrude to an unreasonable extent on the personal affairs of the individual to whom the information relates.*

4.4.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

4.4.3 Council Policy

Council will seek to ensure that personal information is collected which is directly relevant to its proper functions, accurate and not excessive.

Council collects personal information through the various forms that customers may complete and lodge with Council. Before adoption of a new form, Council's Privacy Contact Officer will review a draft form for compliance with IPP4 by the. Should the Privacy Contact Officer have any doubt, the Privacy Contact Officer Council will seek the opinion of the NSW Privacy Commissioner.

4.5 IPP5: Retention and security of personal information

4.5.1 Section 12: Retention and security of personal information

A public sector agency that holds personal information must ensure:

- a) that the information is kept for no longer than is necessary for the purposes for which the information may lawfully be used, and*
- b) that the information is disposed of securely and in accordance with any requirements for the retention and disposal of personal information, and*
- c) that the information is protected, by taking such security safeguards as are reasonable in the circumstances, against loss, unauthorised access, use, modification or disclosure, and against all other breaches, and*
- d) that, if it is necessary for the information to be given to a person in connection with the provision of a service to the agency, everything reasonably within the power of the agency is done to prevent unauthorised use or disclosure of the information.*

4.5.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

PRIVACY POLICY

Council will comply with this principle in accordance with:

- a) Council's Code of Conduct;
- b) Council's Records Management Policy; and
- c) General Records Disposal Schedule for Local Government.

4.5.4 Disclosure of information of research purposes

The disclosure of personal information for research purposes will be allowed only in accordance with any applicable direction made by the Privacy Commissioner under section 41 of PPIPA or any Research Code of Practice made by the Attorney General, as may be in force for the time being.

4.6 IPP6: Information held by agencies

4.6.1 Section 13 Information about personal information held by agencies

A public sector agency that holds personal information must take such steps as are, in the circumstances, reasonable to enable any person to ascertain:

- a) *whether the agency holds personal information;*
- b) *whether the agency holds personal information relating to that person; and*
- c) *if the agency holds personal information relating to that person:*
 - (i) *the nature of that information, and*
 - (ii) *the main purposes for which the information is used, and*
 - (iii) *that person's entitlement to gain access to the information.*

4.6.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

4.6.3 Council Policy

Section 13 of the PPIPA requires a council to take reasonable steps to enable a person to determine whether Council holds personal information about them. If Council holds any information about a person, upon request it will advise them the nature of that information, the main purposes for which it is held, and that person's entitlement to access. As a matter of practicality, not every item of personal information, however insignificant, will be capable of ascertainment.

Under section 20(5) of the PPIPA, IPP6 is subject to any applicable conditions or limitations contained in the *Government Information (Public Access) Act 2009* ("GIPA Act"). Council must consider the relevant provisions of the GIPA Act.

Any person can make application to Council by completing the appropriate form and submitting it to Council. An example is at Appendix 4.

Where Council receives an application or request by a person as to whether Council holds information about them, council will undertake a search of its records to

PRIVACY POLICY

answer the enquiry. Council may ask the applicant to describe what dealings the applicant has had with council in order to assist council to conduct the search.

Council will ordinarily provide a response to applications of this kind within 28 days of the application being made. The fee structure is commensurate to that of Council's GIPA Act rates structure.

4.6.4 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable Direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP6.

4.6.5 Existing exemptions under the Act

Compliance with IPP6 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

Section 25(a) of the PPIPA permits non-compliance with IPP6 where Council is lawfully authorised or required not to comply with the principle.

Section 25(b) of the PPIPA permits non-compliance with IPP6 where non-compliance is "necessarily implied" or "reasonably contemplated" under any Act or law.

4.6.6 Reporting matters

Council will issue a statement to be included on its web page (if it has one) and in its Annual Report concerning the nature of personal information it regularly collects, the purpose for which the personal information is used and an individual's right to access their own personal information.

4.7 IPP7: Access to personal information held by agencies

4.7.1 Section 14: Access to personal information held by agencies

A public sector agency that holds personal information must, at the request of the individual to whom the information relates and without excessive delay or expense, provide the individual with access to the information.

4.7.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

4.7.3 Council Policy

Section 14 of the PPIPA requires a council, at the request of any person, to give access to that person to personal information held about them.

Compliance with IPP7 does not allow disclosure of information about other people. If access to information that relates to someone else is sought, the application must

PRIVACY POLICY

be made under the GIPA Act, unless Information Protection Principles 11 and 12 or the Public Register provisions apply.

Where a person makes an application for access under the PPIPA and it is involved or complex, it may be referred, with the written consent of the applicant, as an application under the GIPA Act. However use of the GIPA Act is to be a last resort. The applicant has the right to insist on being dealt with under PPIPA.

Under section 20(5) of the PPIPA, IPP7 is subject to any applicable conditions or limitations contained in the *Government Information (Public Access) Act 2009* ("GIPA Act"). Council must consider the relevant provisions of the GIPA Act.

Customers wishing to exercise their right of access to their own personal information should apply in writing or direct their inquiries to the CEO, who will make a determination. A sample form is provided at Appendix 5.

Members of Council staff wishing to exercise their right of access to their personal information should apply in writing on the attached form or direct their inquiries to the Manager People and Organisational Development who will deal with the application.

In order to comply with the requirement to provide the requested information "without excessive delay or expense", Council will ordinarily provide a response to applications of this kind within 28 days of the application being made.

4.7.4 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP7.

4.7.5 Existing exemptions under the Act

Compliance with IPP7 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

Section 25(a) of the PPIPA permits non-compliance with IPP7 where Council is lawfully authorised or required not to comply with the principle.

Section 25(b) of the PPIPA permits non-compliance with IPP7 where non-compliance is "necessarily implied" or "reasonably contemplated" under any Act or law.

4.8 IPP8: Alteration of personal information

4.8.1 Section 15: Alteration of personal information

(1) A public sector agency that holds personal information must, at the request of the individual to whom the information relates, make appropriate amendments (whether by way of corrections, deletions or additions) to ensure that the personal information:

PRIVACY POLICY

- a) *is accurate; and*
 - b) *having regard to the purpose for which the information was collected (or is to be used) and to any purpose that is directly related to that purpose, is relevant, up to date, complete and not misleading.*
- (2) *If a public sector agency is not prepared to amend personal information in accordance with a request by the individual to whom the information relates, the agency must, if so requested by the individual concerned, take such steps as are reasonable to attach to the information, in such a manner as is capable of being read with the information, any statement provided by that individual of the amendment sought.*
 - (3) *If personal information is amended in accordance with this section, the individual to whom the information relates is entitled, if it is reasonably practicable, to have recipients of that information notified of the amendments made by the public sector agency.*
 - (4) *This section, and any provision of the Privacy Code of Practice that relates to the requirements set out in this section, apply to public sector agencies despite section 25 of this Act and section 21 of the State Records Act 1998.*
 - (5) *The Privacy Commissioner's guidelines under section 36 may make provision for or with respect to requests under this section, including the way in which such a request should be made and the time within which such a request should be dealt with.*
 - (6) *In this section (and in any other provision of this Act in connection with the operation of this section), public sector agency includes a Minister and a Minister's personal staff.*

4.8.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

4.8.3 Council Policy

Section 15 of the PPIPA allows a person to make an application to Council to amend (*this includes by way of corrections, deletions or additions*) personal information held about them so as to ensure the information is accurate, and, having regard to the purpose for which the information is collected, relevant to that purpose, up to date and not misleading.

Council wishes to have its information current, accurate and complete. Proposed amendments or changes to the personal information held by Council are welcomed. Any person seeking correction of personal information held by Council may apply in writing to the Privacy Contact Officer with their request.

If Council declines to amend personal information as requested, it will on request of the individual concerned, place an addendum on the information in accordance with section 15(2) of the PPIPA.

Where there are complaints that are or could be the subject of a staff complaint or grievance, they will be referred to the Manager People and Organisational Development in the first instance and treated in accordance with relevant Council policies and the *Local Government (State) Award 2013*.

PRIVACY POLICY

Any alterations that are or could be the subject of a customer complaint or grievance will be referred to the CEO, who will make a determination in relation to the matter.

4.8.4 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP8.

4.8.5 Existing exemptions under the Act

Compliance with IPP8 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

Section 25(a) of the PPIPA permits non-compliance with IPP8 where Council is lawfully authorised or required not to comply with the principle.

Section 25(b) of the PPIPA permits non-compliance with section IPP8 where non-compliance is “necessarily implied” or “reasonably contemplated” under any Act or law.

4.8.6 Procedure

Where information is requested to be amended (either by way of correction, deletion or addition), the individual to whom the information relates, must make a request to the Privacy Contact Officer. That request should be accompanied by appropriate evidence as to the cogency of the making of the amendment, sufficient to satisfy Council that the proposed amendment is factually correct and appropriate. Council may require further documentary evidence to support certain amendments. Council will not charge to process an application to amend such a record.

Council’s application form for alteration under IPP 8 is at Appendix 6 at the end of this policy.

4.8.7 Where Council is not prepared to amend

If Council is not prepared to amend the personal information in accordance with a request by the individual, Council may attach to the information in such a manner as is capable of being read with the information, any statement provided by that individual.

4.8.8 Where an amendment is made

If personal information is amended in accordance with this section, the individual to whom the information relates is entitled, if it is reasonably practicable, to have the recipients of that information notified of the amendments made by Council.

Council will seek to notify recipients of information as soon as possible, of the making of any amendment, where it is reasonably practicable.

4.8.9 State Records Act

PRIVACY POLICY

The *State Records Act 1998* does not allow for the deletion of records. However, as a result of section 20(4) of the PPIPA, some deletions may be allowed in accordance with IPP8.

4.9 IPP9: Agency must check accuracy of personal information before use

4.9.1 Section 16: Agency must check accuracy of personal information before use

A public sector agency that holds personal information must not use the information without taking such steps as are reasonable in the circumstances to ensure that, having regard to the purpose for which the information is proposed to be used, the information is relevant, accurate, up to date, complete and not misleading.

4.9.2 The Privacy Code of Practice for Local Government

The Code makes no provision to depart from this principle.

4.9.3 Council Policy

The steps taken to comply with section 16 will depend on the age of the information, its likelihood of change and the particular function for which the information was collected. However, information collected by Council must adhere to the provisions of Council's Records Management Policy.

The more significant the information, the greater the necessity that checks to ensure its accuracy and currency be undertaken prior to its use.

For example, each employee's record should be updated when there is any change of circumstances or when the employee's contact details change

4.10 IPP10: Limits on use of personal information

4.10.1 Section 17: Limits on use of personal information

- (a) the individual to whom the information relates has consented to the use of the information for that other purpose, or*
- (b) the other purpose for which the information is used is directly related to the purpose for which the information was collected, or*
- (c) the use of the information for that other purpose is necessary to prevent or lessen a serious and imminent threat to the life or health of the individual to whom the information relates or of another person.*

4.10.2 The Privacy Code of Practice for Local Government

- (a) Notify neighbours of a proposed development;
- (b) Evaluate a road opening; or
- (c) Evaluate a tree preservation order.

4.10.4 Council Policy

Council will seek to ensure that information collected for one purpose will be used for that same purpose. Where Council may need to use personal information collected for one purpose for another purpose, it will first gain the consent of the individual concerned, unless an exemption applies.

Each of the following will be required to comply with the IPP10:

- (a) Council owned businesses;

4.10.7 Existing exemptions under the Act

Compliance with IPP10 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

Section 23(4) of the PPIPA permits Council not to comply with IPP10 where the use of the information for another purpose is reasonably necessary for law enforcement purposes or for the protection of the public revenue.

Law enforcement purposes mean a breach of the criminal law and criminal law enforcement. This section does not remove the rights of an accused person. *Protection of the public revenue* means a fraud with respect to taxes or other revenue earning processes such as avoidance of stamp duty.

Section 24(4) of the PPIPA extends the operation of section 24(2) to councils and permits non-compliance with IPP10 if Council is:

This exception shall not permit Council to give an opinion as to that person's suitability to a particular position with any potential employer unless Council is satisfied that the person has provided their consent for Council to provide a reference, which may include an opinion as to that person's suitability for the position for which they have applied.

4.11.3 Council Policy

Council will not disclose the information to another person or other body, unless the disclosure is directly related to the purpose for which the information was collected or where Council has no reason to believe that the individual concerned would object to the disclosure.

The Code makes provision for Council to depart from this principle in the circumstances described below:

- (a) For the purposes of s.19(2) only, where Council is requested by a potential employer outside New South Wales, it may verify that a current or former employee works or has worked for Council, the duration of their employment, and the position occupied during their employment. This exception shall not permit Council to give an opinion as to that person's suitability for a particular position with any potential employer unless Council is satisfied that the person has provided their consent for Council to provide a reference, which may include an opinion as to that person's suitability for the position for which they have applied.

4.12.3 Council Policy

PRIVACY POLICY

Council will not disclose personal information relating to an individual's ethnic or racial origin, political opinions, religious or philosophical beliefs, trade union membership, health or sexual activities unless the disclosure is necessary to prevent a serious or imminent threat to the life or health of the individual concerned or another person.

4.12.4 Public Registers

Sections 19 and 57 of the PPIPA should be read in conjunction in regard to Public Registers. Public Registers are discussed further in section 3 of this policy.

4.12.5 Investigative Functions

Where Council is conducting an investigation, it will have regard to any applicable Direction of the Privacy Commissioner under section 41 of the PPIPA that may affect the application of IPP12.

4.12.6 Existing exemptions under the Act

Compliance with IPP12 is also subject to certain exemptions under the Act. If one of those exemptions applies, Council need not comply. The statutory exemption will be relied upon only in limited circumstances and legal advice should normally be obtained.

Section 23(7) of the PPIPA permits non-compliance with IPP12 where the disclosure is necessary to investigate an offence or where there are reasonable grounds to believe an offence has been or may be committed.

Section 25(a) of the PPIPA permits non-compliance with IPP12 where Council is lawfully authorised or required not to comply with the principle.

Section 25(b) of the PPIPA permits non-compliance with IPP12 where non-compliance is “necessarily implied” or “reasonably contemplated” under any Act or law.

Section 26(2) of the PPIPA permits non-compliance where the person expressly consents to such non-compliance.

Section 28(2) permits non-compliance with IPP12 where, in the case of health information, the consent of the person cannot reasonably be obtained and the disclosure is made by an authorised person to another authorised person. “Authorised person” means a medical practitioner, health worker, or other official or employee providing health or community services who is employed or engaged by a public sector agency.

Section 28(3) of the PPIPA permits non-compliance where a disclosure is to be made to a public sector agency under the administration of the Minister for Local Government (for example, the Office of Local Government) or a public sector agency under the administration of the Premier for the purpose of informing the Minister (or Premier) about any matter within the Minister’s (or Premier’s) administration.

A disclosure of personal information by Council for research purposes will be

4.12.7 Suppression

Information held by Council may be suppressed such as to disallow disclosure that would otherwise be allowed in the circumstances outlined above. See Part 1 of this Policy for more details about suppression of personal information.

5. HEALTH PRIVACY PRINCIPLES (HPPs)

5.1 Health information generally

5.1.1 In 2002, most references to “health information” were taken out of the PPIPA and separate legislation was enacted. The HRIPA was enacted to deal with this specific type of personal information. On and from September 2004, various agencies and organisations, including local councils were expected to comply with the HRIPA in their collection and management of health information.

5.1.2 Health information includes personal information that is information or an opinion about the physical or mental health or a disability of an individual. Health information *also* includes personal information that is information or an opinion about:

- a) A health service provided, or to be provided, to an individual;
- b) An individual’s express wishes about the future provision of health services to them;
- c) Other personal information collected in connection with the donation of human tissue; or
- d) Genetic information that is or could be predictive of the health of an individual or their relatives or descendants.

5.1.3 Health information is defined in section 6 of the HRIPA. Local councils will often hold health information by reason of their role in elder care, child care and various types of community health support services. It is therefore very important for councils to be familiar with the 15 Health Protection Principles (“HPP”) set down in Schedule 1 to the HRIPA. Each of these HPPs is considered below.

5.1.4 The following is a non-exhaustive list of examples of the types of health information and circumstances which council may collect health information in exercising its functions:

- (a) Tree pruning/ removal applications where residents approach Council for a reconsideration or reassessment of a tree pruning/ removal application on medical grounds;
- (b) Issuing of clean up orders which may include recording information about a resident’s health, GP professional contact details or involvement with mental health services;
- (c) Volunteer programs where volunteers are asked to disclose health conditions which may preclude them from some types of volunteer work;
- (d) Meals on wheels programs where residents may be asked for medical or dietary requirements, e.g. allergies for catering purposes;
- (e) Seniors bus outings where information may be collected on special medical needs;

PRIVACY POLICY

- (f) Council may provide respite and social support services collecting information that is consistent with the client intake and referral record system;
- (g) Information on families for the purposes of children's services, for example, history of illness, allergies, asthma, diabetes, epilepsy etc.;
- (h) Physical exercise classes;
- (i) Information may be collected through a healthy community program;
- (j) Children's immunization records; and
- (k) Family counsellor/ youth support workers records.

5.1.5 HPPs 1-4 concern the collection of health information, HPP 5 concerns the storage of health information, HPPs 6-9 concern the access and accuracy of health information, HPP 10 concerns the use of health information, HPP 11 concerns the disclosure of health information, HPPs 12-13 concern the identifiers and anonymity of the persons to which health information relate, HPPs 14-15 concern the transferral of health information and the linkage to health records across more than one organisation.

5.2 HPP 1
