Liverpool Contributions Plan 2018 - Liverpool City Centre
Liverpool Contributions Plan 2018 – Established Areas

Contribution Rates as at June 2026 Quarter

The current contribution rates for this quarter are shown on the attached summary sheets. For rates on development other than those shown on the sheet please refer to the contributions plan.

When calculating contributions for a particular development, other than in an industrial zone, Edmondson Park, Austral and Leppington North, East Leppington, Liverpool City Centre and Non Residential development in the Established Areas, a contribution credit equivalent of one lot is given for each lot, which exists prior to subdivision or development. Where an existing dwelling is located over two or more small lots, these will be considered as one conventional lot.

The contribution rates shown have been updated on those shown in the relevant contributions plan. Contribution rates on a consent will be further updated in accordance with the following formulae.

Capital Works (except Whitlam Centre extensions & Liverpool Central Library), Administration, Professional and Legal Fees:

Contribution at time of payment = $\frac{C_2 \times CPI_3}{CPI_2}$ where:

C_2 = Contributions as shown on the consent
CPI_3 = Latest "CPI: All Groups Index Number" for Sydney available from the ABS at the time of payment
CPI_2 = "CPI: All Groups Index Number" for Sydney available at the time of development consent

Land

Contribution at time of payment = $\frac{C_2 \times L_3}{L_2}$ where:

C_2= Contributions as shown on the consent
L_3 = Average estimated land acquisition cost per sqm at the time of payment
L_2 = Average estimated land acquisition cost per sqm at the time of development consent

For information on the following please refer to the respective contributions plan:

- Payment of Contributions
- Credits for Land and Works In Kind
- Background Information
- Nexus
- Contribution Formulae
- Range, cost and staging of facilities

This brochure is updated when the Australian Bureau of Statistics issues the Consumer Price Index. This is usually late January, April, July and October each year. The rates shown may also be updated if there is an amendment to a contributions plan in the meantime.

Please note that verbal quotes on proposed developments cannot be given over the telephone or at the customer service counter. The contribution rates shown may in some cases be subject to the cap set by the NSW Government. The Hoxton Park, Carnes Hill and Prestons Catchment and the Middleton Grange Catchment are exempt from the Cap.

Determination of Cost for S7.12 Levy for Liverpool City Centre and Established Areas

Section 7.12 levy—determination of proposed cost of development (Clause 24J Environmental Planning and Assessment Regulation 2000)

(1) The proposed cost of carrying out development is to be determined by the consent authority, for the purpose of a section 94A levy, by adding up all the costs and expenses that have been or are to be incurred by the applicant in carrying out the development, including the following:

(a) if the development involves the erection of a building, or the carrying out of engineering or construction work—the costs of or incidental to erecting the building, or carrying out the work, including the costs (if any) of and incidental to demolition, excavation and site preparation, decontamination or remediation,

(b) if the development involves a change of use of land—the costs of or incidental to doing anything necessary to enable the use of the land to be changed,

(c) if the development involves the subdivision of land—the costs of or incidental to preparing, executing and registering the plan of subdivision and any related covenants, easements or other rights.

(2) For the purpose of determining the proposed cost of carrying out development, a consent authority may have regard to an estimate of the proposed cost of carrying out the development prepared by a person, or a person of a class, approved by the consent authority to provide such estimates.

(3) The following costs and expenses are not to be included in any estimate or determination of the proposed cost of carrying out development:

(a) the cost of the land on which the development is to be carried out,

(b) the costs of any repairs to any building or works on the land that are to be retained in connection with the development,

(c) the costs associated with marketing or financing the development (including interest on any loans),

(d) the costs associated with legal work carried out or to be carried out in connection with the development,

(e) project management costs associated with the development,

(f) the cost of building insurance in respect of the development,

(g) the costs of fittings and furnishings, including any refitting or refurbishing, associated with the development (except where the development involves an enlargement, expansion or intensification of a current use of land),

(h) the costs of commercial stock inventory,

(i) any taxes, levies or charges (other than GST) paid or payable in connection with the development by or under any law.
